

Name: Victoria Green

Term of office ends: 24/10/2027

Member of the following Committees:

TBC

Business Interests:

None

Role held within other educational establishments:

None

Biography:

I am excited to be joining Alderman Knight governors. As a full-time carer for my son, I understand the importance of creating a supportive environment for our children.

In my previous role as a link governor, I focused on wellbeing, personal development, and behaviour. It was rewarding to work with staff, students, and parents to ensure the best education for every child. I served on the standards and achievements committee and the new build committee, gaining valuable insights into school functioning.

Being a school governor is a continuous learning process, and I am eager to expand my knowledge and contribute to Alderman Knight's success and development. I am dedicated and compassionate, committed to making a positive difference in our children's lives.
