

# Secondary Afterschool Club

## Term 1

What a fantastic first term we have had, it's been great to see a wide range of year groups, ages and abilities. We have been working on teamwork and getting to know each other, through our warm up games and activities. Then we have been focusing on skills such as passing, dribbling, controlling the ball and shooting. Finishing off most sessions with a game where we see them working hard to put all of their practice into a real game situation. A big thank you to Mr Stinton and Mr Altman for leading and too Mrs Mulhern and Mrs Stanford for all their help and support. We are looking forward to term 2 and continuing with Football!
