

Stronger Starts.

In partnership with

Alderman Knight School need Tesco customers to help us in our next bid for funding. We have been shortlisted for customer voting in stores in Tewkesbury, Bishop's Cleeve and Cheltenham!

We are hoping to secure funding to develop a brand-new vegetable patch at school that will encourage pupils to take an active role in the planting, maintaining and harvesting of sustainable produce, whilst understanding the importance of sustainable living.

Let's vote for the AKS Gardening team in our local Tesco stores!

Thank you for your support.
