

The AKS Race for Life

Friday 5th May 2023

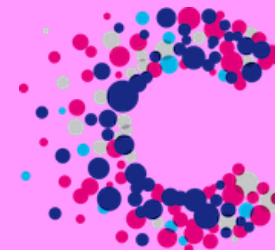

On Friday 5th May, pupils, students, staff and families of AKS took part in the annual Race for Life on Tewkesbury School AstroTurf. Over 250 people attended the event where participants completed a fun run for the charity Cancer Research UK.

The school had a very special visitor, Lord Lieutenant of Gloucestershire, Edward Gillespie OBE who started the race with a countdown.

The fun run lasted 30 minutes with everyone dashing back into school before the rain!

A huge congratulations to everyone who took part and if you wish to donate, the fundraising link is below.
