

Delivering House Hampers

Alderman Knight School wanted to spread some Christmas Cheer within their local community and members of the school community were invited to donate items to create a house hamper which each house captain would deliver to a local residential home.

On 14th December 2022, it was made possible and the house captains delivered the hampers to four different residential homes and they were all incredibly grateful.

The homes that received hampers were:

- Marina Court
- Home Abbey House
- Ashchurch View
- Tewkesbury Fields.

The house captains really enjoyed the experience and met a person who is 102 years old! A huge thank you to the Alderman Knight Community for helping us spread some Christmas cheer!
