

# The Queen's Green Canopy

## The Queen's Green Canopy

The Queen's Canopy (QGC) was a nationwide initiative created to mark the Platinum Jubilee, this initiative was built to serve as a lasting tribute to Her Majesty's extraordinary service to her country and her people.

More than 3 million trees have been planted across the United Kingdom as part of the QGC. Over the last 2 academic years Alderman Knight's Forest School has planted in excess of 200 saplings to create biodiversity within their environment.

70,000 children took part in the incentive and a small amount of participants were awarded with a Platinum Jubilee commemorative coin and we were lucky enough to do so.

Congratulations to all the children who have worked hard to complete the Forestry Award and gained valuable life skills while benefiting the environment.
