

# Table Cricket National Finals

On Friday 9<sup>th</sup> June, two post-16 sports leaders were invited to officiate at the National Table Cricket Finals at Lords Cricket Ground organised by the Lord's Taverners.

Will and Libby left school at 6:30am to arrive in London for 10am. They were given their new Lords Taverners t-shirts to wear and then given their allocation of fixtures they were required to officiate.

Will was part of the umpiring team, making decisions every ball and Libby was scoring using a scoresheet. The games were fast paced as many schools had to leave by the allocated time of 3pm. Schools attended from Scotland, the Wirral, Cumbria, Kent and many other places.

Many of the participants thought Will and Libby were employed by the Lord Taverners to officiate. They were great role models and represented the school incredibly well.

# Table Cricket Regional Finals

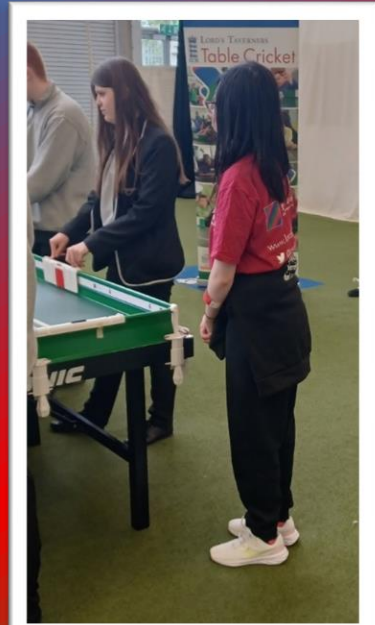

On Monday 17<sup>th</sup> April, four post-16 sports leaders were invited to officiate at the Regional Table Cricket Finals at Edgbaston Cricket Centre organised by the Lord's Taverners.

The students were able to utilise the skills they have been practising in lessons and the Primary Table Cricket Club at break times to officiate games.

Students scored and umpired four games across the day. This involved communicating with officials, schools and competitors, being decisive and confident in decision making and recording scores accurately.

A huge well done to Benj, Libby, Courtney and Will who were excellent throughout the day and let's hope more opportunities arise through this avenue.
