

Molly- "It was awesome and I loved reading to Evie's mum."

Ronnie's Mum "I had a lovely time with my son in the recent LET lesson. It was great to see this relaxed atmosphere where parents and pupils can chat together and work together. My son's confidence has really grown since starting at AKS, and it's wonderful to see. I enjoyed the opportunity to work alongside him and see his progress first-hand. The teacher and TA's did a great job of creating a welcoming and supportive environment for everyone. I'm grateful for the chance to be a part of his learning experience and to see him thriving in this setting. Overall, it was a positive and enjoyable experience for both of us."

Yahya "I liked colouring."
