Member of the following Committees: - <ul style="list-style-type: none"> • Clare Steel is a member of all committees. 	
Business Interests Employed at Alderman Knight School.	
Role held within other educational establishments N/A	
Biography I joined AKS in September 2006. I feel extremely privileged to be Head teacher at Alderman Knight School. During the last ten years there have been huge changes to the school. The school has more than doubled in size in terms of staff and pupil number, there has been a complete new build and refurbishment and in September 2016 we opened our new Post 16 Centre. I have always worked in Gloucestershire and have had the opportunity to teach and be a senior leader in a range of different settings including Stroud High School, Katherine Lady Berkeley, Whitminster Pupil Referral Centre, Cam House and Cheltenham Kingsmead School. I also taught science at Alderman Knight School some years ago and it was my great experience during this time that made me want to come back as Headteacher! In addition to my roles in schools I have also worked as a Special Educational Needs Adviser, School Improvement Adviser, Local Leader of Education and Ofsted Inspector.
